

High tearing resistance silicone rubber sheet

By [silicon rubber sheet](#) - www.dongrubber.com, sales@dongrubber.com, Date: Jan.02.12

DR0101-1 [high tearing resistance silicone rubber sheet](#)

Specification:

Thickness 1~50mm * Width 500~3000mm

Performance:

High tearing resistance, good oil proof, high temperature bearing, anti-aging performance, poison free, odor free and strong elasticity

Application:

Work in the oil medium of low & high temperature, available to punch oil seals, washer, sealing strip, excellent sealing feature, commonly used in the pharmacy, chemical and food industry, and suitable to be used in the surrounding which bearing high stress

Parameter:

Specific Gravity: 1.30;

Tearing: 10Mpa;

Tension: 450%;

Hardness: 55°±5°

Feature:

Good transparent and environmental protection
